

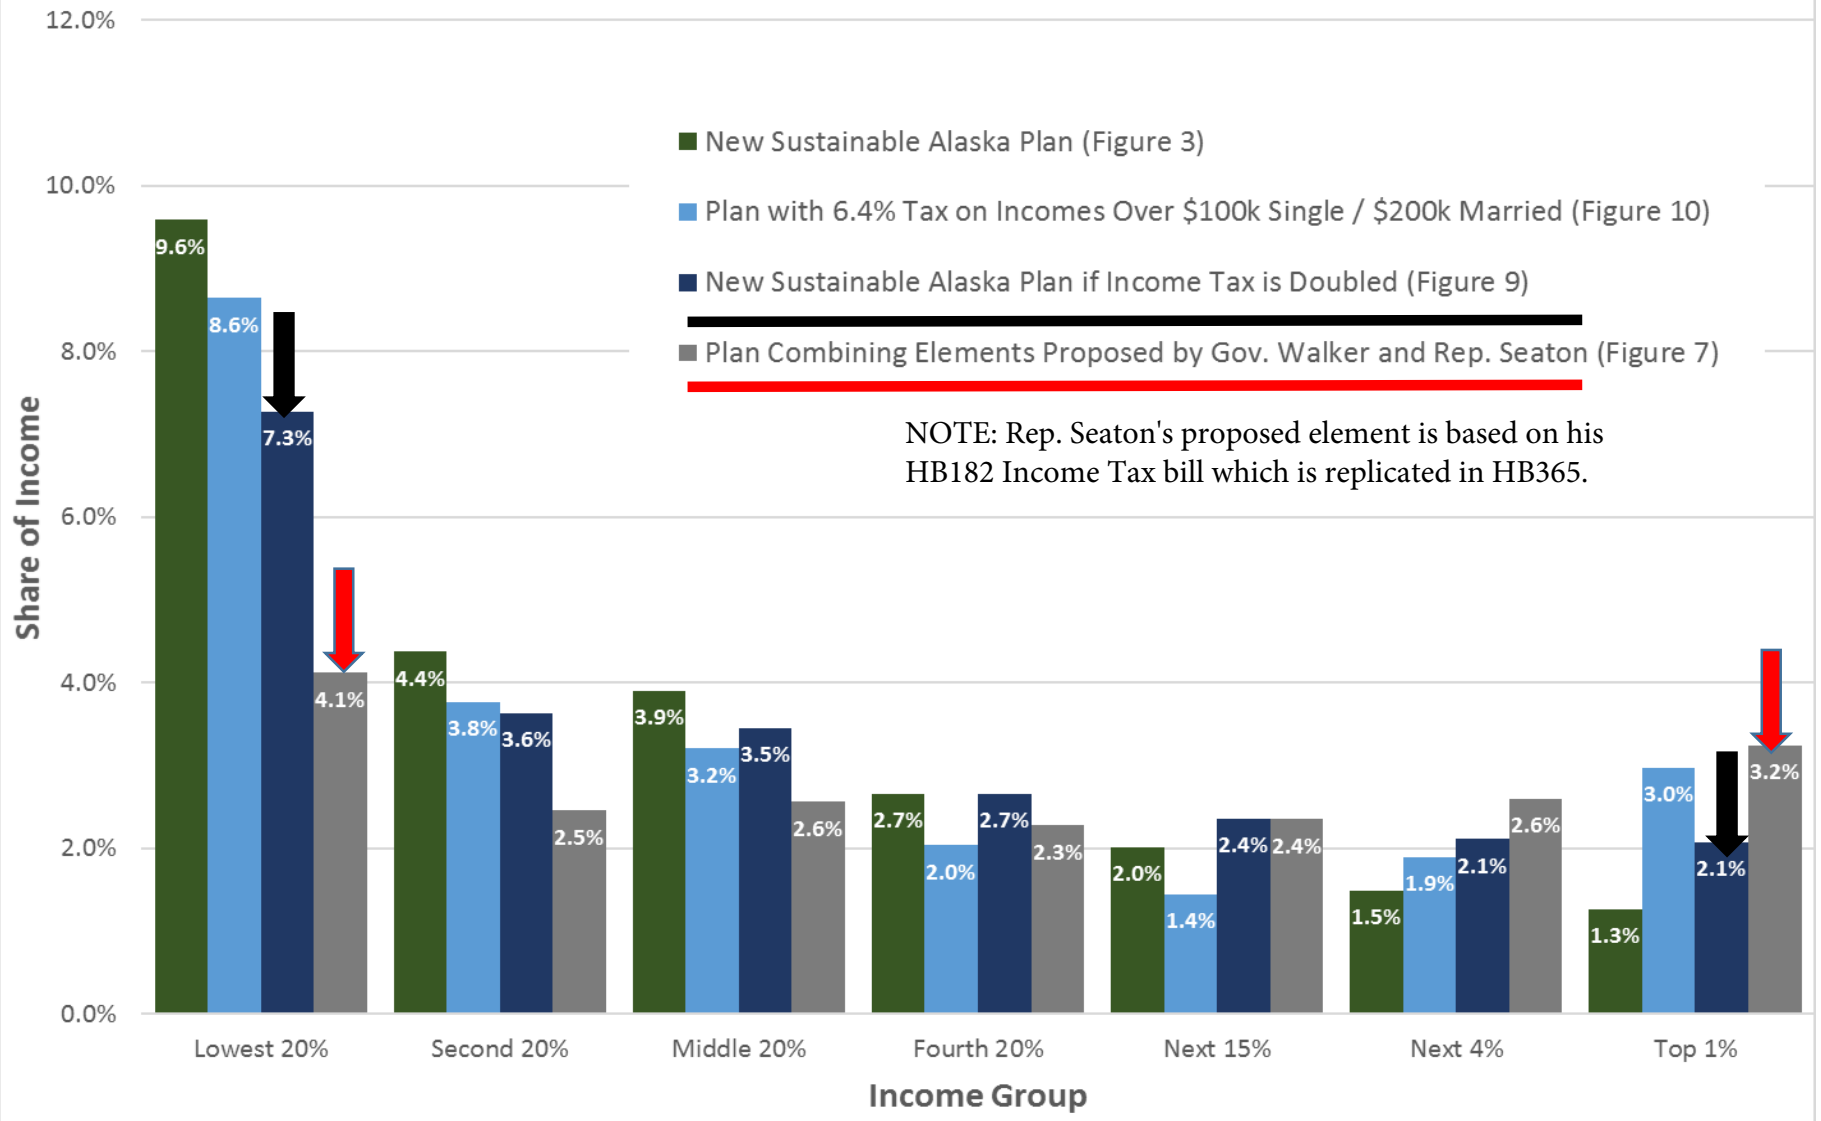

Figure 6: Comparison of New Sustainable Alaska Plan and Possible Modifications

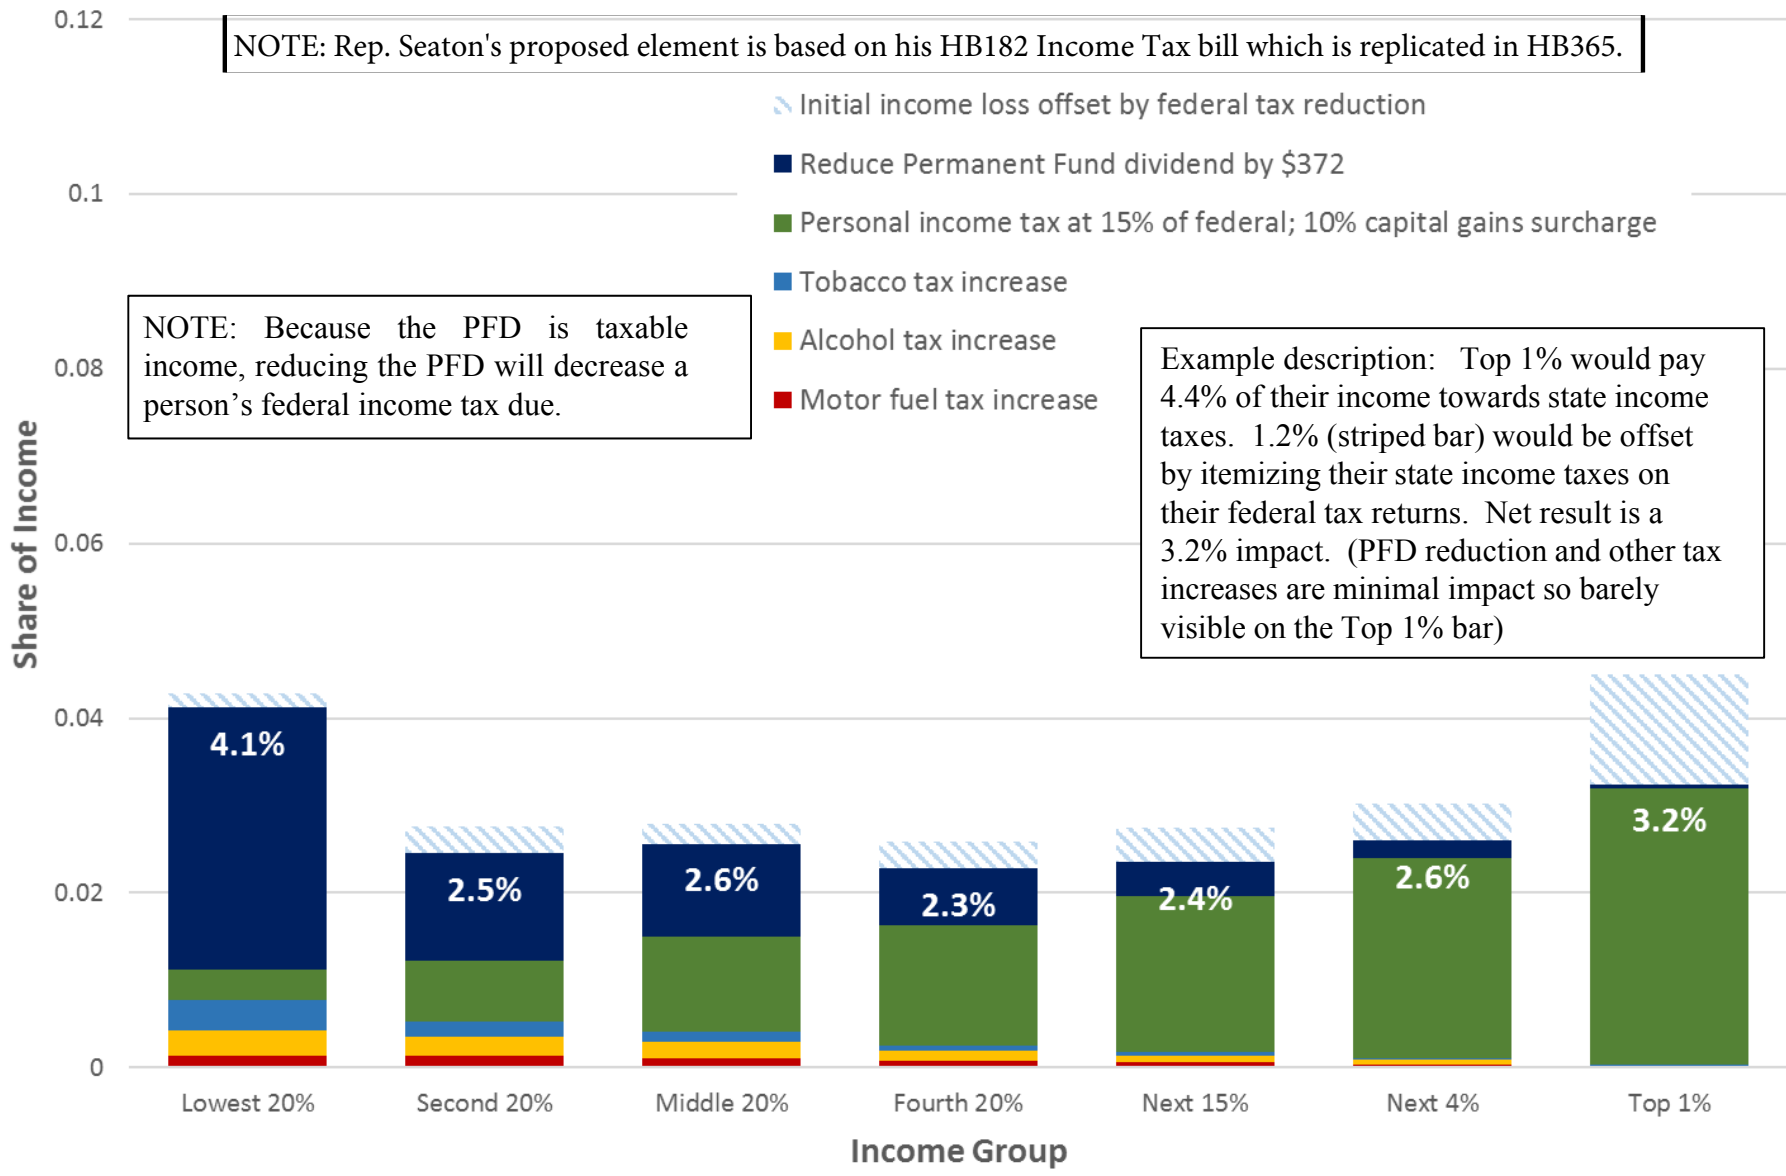

Plans raise roughly equal amounts of revenue; modified options raise more from income tax and less from dividend reductions

NOTE: Rep. Seaton's proposed element is based on his HB182 Income Tax bill which is replicated in HB365.

Figure 7: Impact of Elements of Plans Proposed by Gov. Walker and Rep. Seaton

Assuming dividend reduction of \$372 per person (from \$2,072 to \$1,700)

Source: Institute on Taxation and Economic Policy, April 2016 report *Distributional Analyses of Revenue*

Options for Alaska. Report contracted by Rasumson Foundation.

Explanations provided by Rep. Paul Seaton.
